Brief introduction

Zhejiang Zhengda Mold Co., Ltd. was founded in 2003, located in Jinyun County, Zhejiang Province, The factory covers an area of more than 80,000 square meters. gathering the process of smelting, electroslag re-melting, forging, hot-rolled, drawing, heat treatment and finish machining, professional producing various tool and die steel for round bar, flat bar, cold drawn steel wire, hot-rolled steel strip, also producing for HSS mold product and plane cutter white steel knife.etc.

The company has advanced equipment, including electric arc furnace, LF ladle refining furnace, vacuum degassing furnace, rapid solidification electroslag remelting furnace, electroslag ingot direct rolling and rolling production line, four roll cold drawing machine, high vacuum annealing furnace, Instrument, eddy current detector and other production and testing equipment. Passed the ISO9001: 2008 quality management system certification and set up a strict quality assurance measures to ensure the high quality of our products.

In 2019, we set up a professional production workshop for kitchen knives, specializing in the customization of high-end kitchen knives, from the self-production and sales of steel to the mass production of finished knives. We have a one-stop production equipment and quality system, especially positioning for the processing and production of high-end kitchen knives and semi-finished products

Zhejiang Zhengcheng Import & Export Co., Ltd. is directly affiliated to the overseas marketing department of Zhejiang Zhengda Mould Co., Ltd., Specializing in the development of abroad export markets, dedicated to the high-end positioning of China's quality, Professionally
